

Project: New York City Police Memorial
Expansion General Contractor
Services Request for Proposals
(the “RFP”)

Date: November 21, 2019

RE: Addendum #3
of Pages: 2

The following revisions/clarifications are hereby made to specified sections of the Request for Proposals (the “RFP”) for the New York City Police Memorial Expansion General Contractor Services Project:

I. Extension of Deadline for Proposal Submissions Due Date

- The due date for the submission of Proposals to Battery Park City Authority (“BPCA”) is hereby extended from November 25, 2019 at 3:00 p.m. to November 27, 2019 at 3:00 p.m.

II. Clarifications

Lighting Fixtures at Basin Stone

Battery Park City Authority (“BPCA”) has become aware that there is a discrepancy in the labeling of the number/types of fixtures shown on Drawing A-9 of the Construction Documents that are attached as Exhibit G to the RFP. The correct total number of fixtures for the basin stone is eighteen (18), including one (1) R01 type fixture and seventeen (17) R11 type fixtures. There are seventeen (17) R11 fixtures mounted horizontally at the perimeter of the basin stone radiating out to shine light across the Memorial Pool floor, and one (1) R01 fixture pointed directly up from the center of the basin stone.

Prairie Green Granite

Given BPCA’s express requirement for the selection of prairie green granite for the furnishing of the Memorial’s new granite panels and the singular source from which such granite may be obtained (as illustrated in a sample image of the granite stone, hereby attached as Exhibit A), BPCA is providing the following contact information for quarry owner Mathieu Robitaille, who is based in Quebec, Canada:
